

SINGULAIR GREEN[®]

WITH 520 GALLON INTEGRAL PUMP CHAMBER

NOW APPROVED BY NJDEP

The Singulair Green tank is the strongest and most dependable high-density polyethylene tank in the industry. Norweco is pleased to announce that this industry leading system is now available with an optional integral 520 gallon pump chamber that is NJDEP approved for applications that require a downstream pump tank. This all-in-one system makes installation and maintenance much easier, and significantly reduces the amount of space the system takes up.

Additional transfer port features

Added connection points on inlet and outlet walls

Interlocking rib pattern allows for an optional integrated 520 gallon pump chamber

OPTIONAL SINGULAIR GREEN WITH PUMP CHAMBER PACKAGES INCLUDE

- 💧 Pump Package
- 💧 Pump & UV Package

Norweco systems are available throughout the State of New Jersey. Contact us for a distributor in your area.
